Re: Launching of Mobil DTE 20 Ultra Series replacing Mobil DTE 20 Series

Effective from 1st July 2020 we will be phasing out Mobil DTE 20 series and re-launch a new high performance anti-wear with better deposits control hydraulic oil Mobil DTE 20 Ultra series, demonstrating 2 times longer oil drain interval versus the current Mobil DTE 20 series. Mobil DTE 20 Ultra series is compatible to the current product Mobil DTE 20 series.

We trust that the above information is sufficient for your needs.

Yours Sincerely
